## **Equipment**

As you know, Students FIRST provides for several school equipment items. The School Facilities Board staff has divided these equipment items into two types: 1) Purchased by the District; and 2) Purchased by the Project Manager.

Included with this letter is a list of district approved equipment that may be purchased by your district. To identify the quality level and pricing for these items, Board staff met with several district purchasing agents and consortiums. As a result of those meetings, the State Procurement Office (SPO) issued requests for proposals on various equipment items. Districts may purchase from the contracts signed as a result of those requests. If a district chooses to purchase from another contract, **the School Facilities Board will only pay up to the amount of the state contract.**

To date staff has not completed contracts for all the equipment items. *Items without a state contract are listed below as "Not Available." Districts may not purchase these items until the contracts are complete. We will be updating the contract list both in this letter and on the website as contracts for these items are finalized.*

Please remember that *for School Districts to purchase from the AZ State Contracts, they must be paid members of the State Purchasing Cooperative. Annual renewal payments were due July 1, 2001.* If you need to check your status or make arrangements to join the cooperative, please contact Mr. Rod Simpson at : (602) 542-1846.

*For several of the items, no appropriate state contract was available and there was no real advantage to purchasing statewide. These items, marked "District Vendor," may be purchased from any vendor. Staff has researched an appropriate price for the equipment item and all purchases should be within this amount. The Board will only pay up to the approved amount listed below.* If the district is purchasing multiples of a single item (for example books) the district may average the price across the total number of items.

Once you have purchased the equipment item, please complete the request for funds form [[CLICK HERE](#) to download form] and return it to the School Facilities Board with a copy of the invoice. Payments will only be made upon the presentation of a valid invoice. If you have any questions about this process, please contact John Arnold at 602-542-6147 or email him at: [jarnold@sfb.state.az.us](mailto:jarnold@sfb.state.az.us).
